

COMMUNITY FORUM

JOBS FOR ALL!

One year after the stimulus law passed, one in six Americans is unemployed or underemployed, and **one in four** is among African-Americans and Latinos. *For the Black and Latino communities, the Depression is already here!* Despite trillions of dollars in subsidies, the private sector is destroying jobs, not making them. Yet everywhere there is work that needs to be done—schools and hospitals are overcrowded and understaffed, housing and infrastructure is crumbling. **Enough of this insanity! Today, there is only one way to create jobs—the government must hire workers directly at good pay to do the work that needs to be done, the way the CWA and WPA programs hired millions in the last Great Depression.**

We Demand: A Massive Public Works Program,

Come to a Community Forum, where we will hear how a Public Works Program will provide jobs at prevailing wages to:--Cut class size in half in our schools--Provide low cost housing for all--Provide mass transit for all--Research, develop and build cheap, clean safe energy. This program is to be paid for by ending the wars in Iraq and Afghanistan and by taxing the rich and the corporations who created the crisis.

We will not be divided!

We will not fight against ourselves for the available jobs but will unite in one movement to win **JOBS FOR ALL WHO LIVE HERE**, immigrant and native-born, regardless of previous convictions-- no one denied work. So to get Jobs For All,

We Demand: Legalization for ALL

Come to the Forum and discuss how we will build, here in Northern NJ, and throughout the country a mass movement to win these demands.

Saturday, March 27 2:00 PM

St. James Church Cafeteria

143 Madison St., Newark

(do not enter rectory, enter through parking lot)

Jobs for All Campaign of NJ, NJ May 1 Coalition, Peoples Organization for Progress
